

LENOVO™ ESSENTIAL FHD WEBCAM

FULL HD VIDEO CALLS WITH STEREO AUDIO.

Lenovo Essential FHD Webcam is powered by a Full HD 1080P 2.1 Megapixel CMOS camera that allows your friends, family, and colleagues to see you as clear as day, even when they are worlds away. With full stereo dual-mics that are perfect for conferencing or long-distance video calls, they'll be able to hear you loud and clear, every time.

WHY YOU NEED LENOVO ESSENTIAL FHD WEBCAM

Just Like The Real Thing

The innovative FHD 1080P camera delivers perfect high-resolution video and lets you set the scene with its ultra-wide 95° lens. Video alone is not enough, though, which is why two built-in mics capture crisp stereo audio from all directions.

Easy Plug-and-Play Setup

Simply unpack and unfold the camera when you want to do a call, and plug the USB 2.0 cable into any Windows or Mac device. Within seconds, you will be ready to go live on your favorite conferencing or streaming software, with no drivers necessary.

Mount Anywhere & Everywhere

With a 1.8 m cable, tripod support, and a flexible mounting mechanism, you can attach your webcam virtually anywhere. Even difficult angles work, thanks to the wide-angle, tilt controls, and 360° rotation. Just mount it, tilt it, and open the privacy shutter.
